

# server rack rental

It is important for your servers to be properly kept in an environment that is secure, organised and away from external dangers which would lead to money saved on maintenance and repair works.

We provide industry standard services. at an affordable cost, to house your servers in a secure ISO27001 (ISMS) certified data centre, with 24/7 up-time and round the clock monitoring. The data centre is located in a secure location at the Universiti Malaysia Sarawak (UNIMAS) grounds, with physical as well as digital security provided.
